Exhibit XIV D – Water Rate Order Effective 04/19/11

DATE MAILED

MAR 1 8 2011

BEFORE THE

PUBLIC SERVICE COMMISSION OF WISCONSIN

Simplified Water Rate Case for the City of Waukesha Water Utility, Waukesha County, Wisconsin

6240-WQ-100

ORDER

Introduction

On March 2, 2011, the City of Waukesha Water Utility (Utility) filed an application for a water rate increase under Wis. Stat. § 196.193, a Simplified Rate Case (SRC) process that does not require a hearing. Commission staff reviewed the information submitted by the Utility in support of its application and determined the water rate increase is justified as requested. The new rates will be effective April 19, 2011, and will be on file with the Commission as Amendment 73.

Findings of Fact

- 1. The revenue increase is calculated by multiplying the Utility's prior year's revenue from sales of utility service by the 2011 rate increase factor (3.0 percent) set by the Commission. (Wis. Stat. § 196.193(1)(a), (2))
- 2. The revenue increase combined with the Utility's prior year's net operating income results in an overall rate of return that does not exceed 6.4 percent, the Commission's 2011 established overall rate of return applicable to a municipally owned water or a municipally owned combined water and sewer public utility. (Wis. Stat. § 196.193(1)(b), (3))
- 3. The Utility shall increase its rates for general service and public fire protection uniformly by the 3.0 percent rate increase factor. (Wis. Stat. § 196.193(1)(c), (2))
- 4. The effective date of the rate increase is not less than 12 months from the effective date of an increase previously filed under the SRC process nor less than 45 days from the date the application was filed. (Wis. Stat. § 196.193(1)(d))
- 5. The Utility's last rate increase authorized pursuant to a hearing under Wis. Stat. § 196.20 has been in effect for at least a calendar year (i.e., January through December). (Wis. Stat. § 196.193(1)(e))
- 6. The Utility has 4,000 or more customers and the effective date of the rate increase is not more than 5 years from the effective date of an increase authorized pursuant to a hearing under Wis. Stat. § 196.20. (Wis. Stat. § 196.193(1)(g)-(h)).

Docket 6240-WO-100

- 7. The utility notified all its customers of the proposed rate increase pursuant to Wis. Stat. § 196.193(4).
- 8. The Commission has not rejected the Utility's application for good cause. (Wis. Stat. § 196.193(1)(f)).

Conclusion of Law

1. The Utility is in compliance with and has met the standards established by Wis. Stat. § 196.193 and is, therefore, eligible for a water rate increase without a hearing.

Order

- 1. The new water rates are effective April 19, 2011, and are on file as Amendment 73.
- 2. The Utility must inform each customer of the new rates authorized by this order pursuant to Wis. Admin. Code § PSC 185.33(1)(f) (April 2007).
- 3. The Utility's current rates and rules must be available for public inspection pursuant to Wis. Admin. Code § PSC 185.22 (April 2007).
- 4. The Utility must keep on permanent file all its previous rates, pursuant to Wis. Admin. Code § PSC 185.19 (April 2007).
- 5. This file is closed unless additional information comes to the Commission's attention which would require that this docket be re-opened.

Dated at Madison, Wisconsin,

Amendment No. 73

Public Service Commission of Wisconsin City of Waukesha Water Utility

Public Fire Protection Service

Under Wis. Stat. § 196.03(3)(b), the municipality has chosen to have the utility bill the retail general service customers for public fire protection service.

This service shall include the use of hydrants for fire protection service only and such quantities of water as may be demanded for the purpose of extinguishing fires within the service area. This service shall also include water used for testing equipment and training personnel. For all other purposes, the metered or other rates set forth, or as may be filed with the Public Service Commission shall apply.

Monthly Quarterly Public Fire Protection Service Charges:

	Monthly	Quarterly		Monthly	Quarterly
% - inch meter - \$	4.27	12.81	3 - inch meter - \$	63.86	191.58
3/4 - inch meter - \$	4.27	12.81	4 - inch meter - \$	106.09	318.27
1 - inch meter - \$	10.35	31.05	6 - inch meter - \$	212.18	636.54
11/4 - inch meter - \$	15.76	47.28	8 - inch meter - \$	340.93	1,022.79
1½ - inch meter - \$	21.32	63.96	10 - inch meter - \$	510.88	1,532.64
2 - inch meter - \$	33.99	101.97	12 - inch meter - \$	680.83	2,042.49

Customers who are provided service under Schedules Mg-1, Ug-1, Mgt-1 and Mz-1 shall also be subject to the charges in this schedule.

Billing: Same as Schedule Mg-1.

Residential customers are those that have water service provided for residential or domestic purposes. These include sales to single family, duplex and triplex customers. Sales to multiple dwelling buildings through a single meter serving four or more family units are classified as non-residential.

<u>Combined Metering</u>: For residential customers, volumetric meter readings from all meters on a single service lateral will be combined for billing.

First 25,000 gallons used per month or

75,000 gallons used per quarter - \$2.40 per 1,000 gallons

Next 475,000 gallons used per month or

1,425,000 gallons used per quarter - \$2.26 per 1,000 gallons

Over 500,000 gallons used per month or

1,500,000 gallons used per quarter - \$2.02 per 1,000 gallons

Billing: Bills for water service are rendered monthly or quarterly and become due and payable upon issuance following the period for which service is rendered. A late payment charge of 1 percent per month will be added to bills not paid within 20 days of issuance. This late payment charge will be applied to the total unpaid balance for utility service, including unpaid late payment charges. This late payment charge is applicable to all customers. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued. Unless payment or satisfactory arrangement for payment is made within the next 10 days, service may be disconnected pursuant to Wis. Adm. Code ch. PSC 185.

<u>Combined Metering</u>: For non-residential customers, volumetric meter readings will be combined for billing if the utility <u>for its own convenience</u> places more than one meter on a single water service lateral. Multiple meters placed for the purpose of identifying water not discharged into the sanitary sewer are <u>not</u> considered for utility convenience and shall not be combined for billing. This requirement does not preclude the utility from combining readings when metering configurations support such an approach. Meter readings from individually metered separate service laterals shall <u>not</u> be combined for billing purposes.

Non-Residential customers include commercial, industrial and public authority customers.
